Introduction

Ingham offers customers the opportunity to purchase an optional extended warranty for selected vehicles.

Your Rights as a Consumer

The Consumer Guarantees Act 1993 (CGA) provided for warranties that apply to goods and services acquired for personal use. These warranties include that, goods, including vehicles, must:

- be of acceptable quality
- be reasonably fit for the purpose represented
- match any description or sample or demonstration model provided to you
- be delivered at a time or within a period agreed
- legally be able to be sold to you

A failure of a good to comply with a guarantee under the CGA entitles you to remedies which may include a refund, replacement, resupply, or damages for reasonably foreseeable loss, depending on the nature of the non-compliance, and whether any associated failure is minor, capable of being fixed, or of a substantial character. For further information please refer to the Commerce Commission's Extended Warranty Fact Sheet, available at <http://www.comcom.govt.nz>.

Ingham's Extended Warranty is supplementary to your rights under the CGA and any existing manufacturer's warranty. The differences between the Extended Warranty and the CGA are summarised below, the full terms and conditions of the Extended Warranty are set out below the table.

Your right to cancel

You have the right to cancel this Extended Warranty and receive a full refund within 5 working days of the date of receiving a copy of this Extended Warranty document, or if we fail to comply with our disclosure requirements under the Fair Trading Act 1986 (FTA).
